Material:

Material:

- Cover/lid - Made of PP plastic
- Housing - Made of PP plastic

Technische Daten:

Technical data:

- Power
- DC 12V cigarette lighter plug: cold mode 48W; hot mode 41W
- AC 220-240C connection with mains power plug: cold mode 67W, hot mode 61W
- 220-240V; 12V
- Cord approx. 150 cm (220-240V connection with mains power plug) / approx. 180 cm (12V cigarette lighter plug) / Cord storage for both plugs

Ausführung:

Specification:

- 12V DC / 220-240V AC switchable (no switch required)
- Capacity: approx. 25 L (net) / approx. 26 L (gross)
- Suitable for 7 x 1,5 liter Aldi bottles
- Lid:
 - Maintenance free
 - Hinged
 - Detachable
 - Can be set in open position with the use of handle
- Incl. cold/warm function: a switch can be used to switch between cold/warm functions
- Warming power up to approx. 55°C
- Cooling power max. approx. 17°C below ambient temperature
- Switching between functions by changing polarity of Peltier element
- Energy Efficiency Class: E
- Max. noise level: approx. 53-54 dB
